Symbolic Election in Berlin-Mitte

On September 20, people in Berlin can vote for the Berlin House of Representatives and the District Assemblies.

Up to 34 %* of the people in Berlin-Mitte are excluded from these elections, even though political decisions directly affect their lives.

The Symbolic Election is an action that allows people without voting rights to cast a symbolic vote. Our motto is: “I live here, I vote here!”

With this action, we show that everyone who lives in Berlin should have the right to vote and take part in decision-making. The results of the Symbolic Election will show what people in Berlin want from politics.
